### TERMS OF SALE

1. Every item is guaranteed to be as represented, and to give satisfaction, as in all past Bolender sales.
2. All bids are by mail, in fairness to all those who could not attend personally.
3. There are positively no reserves on any item by anyone, and every lot will be sold to the highest bidder, at so much for the lot. All bids will be executed below your bids where other offers permit, in good faith. Where two or more bids are exactly the same on any lot, or tied, the lot goes to the first bidder at exactly his bid.
4. No unlimited bids will be accepted. Mark your highest limit on the bid sheet (on back page of catalogue) and if you need more space for bids, use any ordinary sheet of paper. We will buy as much under your bids as other actual offers permit.
5. New bidders or customers sending bids for the first time at these sales must positively give first class references, or else send a deposit of at least 25 per cent of the total amount of bids. References acceptable would be the name of some other dealer from whom you have had coins on open account, or name of some collector known us, or else name of your bank. To those known to us who have established credit, purchases will be sent out promptly after the sale. In appreciation of this courtesy, the purchaser will remit promptly. Postage and registration or insurance is paid by the purchaser.
6. California buyers will be charged 4 per cent state sales tax.
7. The terms are prompt cash settlement after sale, and no time given. Collectors who are not certain that they can pay promptly are asked not to bid. The coins in the sale are the property of my clients, and I must make prompt settlement for them.
8. A list of all prices realized at this sale will be supplied for one dollar, if ordered before the sale date.
9. Please send your bids now as there is little time left before the sale.

#### **BEAUTIFUL LOT OF MORGAN SILVER DOLLARS**

The silver dollars of the United States, designed by Morgan, and coined from 1878 to 1921, constitute a series that has become one of the most popular to-day. In my 195th sale held last March, more bids were received and entered on this series than any other. There are several excellent reasons for their popularity. Some collectors are getting tired of paying high prices in some other series. The Morgan dollars are the most reasonable in price of any series and never will be cheaper. A number of them have started upward, and we are paying full standard catalogue price for some dates and mints and willing to buy 100 of a kind at that price. Dollars cost no more than small cents, and you have a larger and certainly more beautiful coin, better for shows and displays. Also in case of panic, or bad times, the face value of your collection is 100 times as much, a consideration that would be helpful should days of darkness come. It is good to assemble a collection in this series, while the choice quality coins in this collection are available. I certainly can not always offer such coins. My stock of Morgan dollars is now the lowest in 25 years, and purchases by me in the past year were the lowest in 10 years, because nothing nice enough had showed up except in small lots. We must also remember the Pittman Act of 1918, when almost a third of all Morgan dollars minted were all melted. Also consider the large quantities that have circulated in the old days, as well as in the thousands of casinos in Nevada to-day. Some day we will realize they are not so common, you may be sure.

### EARLY AMERICAN COLONIAL PAPER MONEY

The real "antique series" of American numismatics, this is an interesting and historical and fascinating series to collect, and the prices are most reasonable. A great collection was sold in my last six sales, and bidding was very active. In fact, all paper money is selling very well to-day, and all is on the way up. All colonial notes have autograph signatures, many of prominent men of the time. Collectors should realize that most notes before 1776 are seldom found in fine condition, and nearly all notes before 1770 usually are only poor or fair in condition. Most notes were redeemed, or reissued, and destroyed. Among the Massachusetts notes here offered, will be found some original notes engraved and printed by Paul Revere.

- 253. **The United Colonies** CONTINENTAL CURRENCY \$30.00 dated Feb. 26, 1777. **Congress now moved to Baltimore.** (The British had captured Philadelphia, our capital!) Fine; cut cancelled with square hole. Rare. \$20.

### PIG IN A POKE

1000. **The "Pig in a Poke".** This means something big in a bag or sack, and you do not know what is in it. When I was a young dealer half a century ago, a New York dealer who conducted coin auctions, would occasionally disrupt the regular sale proceedings and sell a "pig in a poke" on the floor to room bidders. Here is one for my mail bidders. Only this brief description do I give. There are more than 100 U.S. coins from half-cents to silver dollars, from good to uncirculated, no poor junk, a few proofs, 2 colonial bills, 2 C.S.A. notes, and no bids entered below \$50. The catalogue value is over \$200. This lot is unconditionally guaranteed to be satisfactory to the buyer, just the same as every lot sold in all Bolender sales. Any lot in my sales may be returned within 30 days, for a full refund of the purchase price, plus shipping costs. Now I'm hoping somebody can get a bargain. Of course, nobody may inspect this lot. That would spoil the fun.

#### PAPER MONEY OF THE CONFEDERATE STATES OF AMERICA

Note: This series is advancing rapidly in price. There are several good reasons for this popularity. For one thing, Criswell's excellent book and price lists added great interest. And within the next few years, there will be increasing attraction to the series, as hundreds will attempt to display collections in various cities and towns during the many Centennial Celebrations from 1961 to 1965, held in honor of the valor of those who fought in a great war 100 years before. ---- END OF SALE ----

THANK YOU VERY MUCH FOR YOUR BIDS AND SUPPORT

A PRICE LIST SHOWING WHAT EACH LOT SOLD FOR WILL BE SENT WITHIN A WEEK AFTER THE SALE DATE FOR \$1.00, IF ORDERED IN ADVANCE. JUST MARK IT ON YOUR BID SHEET IN THE SQUARE PROVIDED FOR SAME.

## COIN COLLECTORS' COLUMN OF COMMENTS

**Estimates in this catalogue**, or the valuations of the lots, are given as a guide, and are generally the Guide Book or catalogue prices of the 13th edition. In other words the estimates given are values of the various lots described, and you may bid more or less. Our sales are real and honest auction sales, all bids sealed by mail, and the bids are handled by me, as though you were all present at the sale yourselves, the bidding advancing approximately 5% at a time, and the lots sold at about 5% above the second high bid, as a real auction should be. Former customers at my sales know that I will do my level best for you with all bids, and will buy under your bids wherever possible. Please make your bids higher where coins are already selling above catalogue prices. My estimates are reasonable, but in many cases I will be able to get the lots for you below the values stated.

**Rare coins and paper money for everybody** are to be sold in this sale. Not always do we have so wide a variety, that **we do expect a bid sheet** from nearly every person who receives a catalogue. Our mailing list has grown so large over the past half century (with over 20,000 names of collectors on our lists) that it becomes necessary to revise it, due to high costs of printing such a catalogue. Therefore, if you are not bidding at this sale, please drop us a card or letter in the mail.

**Look at the index** in the back part of the catalogue, to find quickly the many interesting items. There are **beautiful coins and currency** in nearly all series, over 4,500 pieces in all, with choice and rare items too numerous to mention. Most of the material in this sale has been off the market for a great many years, and is largely from old estates.

**Your bids are worth while at these sales**, which are very different from some sales where most items are sold on the floor to room bidders. Since less than 5% of the collectors and dealers are able to attend any public sale in person, I prefer to give every mail bidder equal and fair opportunity to acquire any items in these sales. In this sale, every item goes to mail bidders, and you are one of them. Thus, your chance of successful purchase is much greater than at most sales. Every item is sold without reserve, and to mail bidders only. I have no coin shop nor store, and sell no coins "over the counter". I have no favorites who can phone me the last day of the

sale, ask me top bid on any item, and then try to place an extra dollar on that and take it away from you. I do not consider that to be fair to you. I sell only by mail.

**Biggest bargain in the sale** will be the prompt price list you may receive for only one dollar, if ordered in advance of the sale. It shows you just what each item in the sale sold for, and is delivered to you just as fast as your coins are, for we are the most prompt in the business. Price lists are mailed first class within a week after the sale date.

**California collectors** and others from western states, and also tourist collectors from the east, are welcome to the convention of the California State Numismatic Association to be held Nov. 5-7 at the Huntington-Sheraton Hotel, in Pasadena, Calif. I will be in attendance to meet my friends, and I do count every single one of you among them, and hope to meet many of you then.

**I expect a bid sheet from you.** And after you receive your sale lots, if there is anything not satisfactory to you, in any way, I want you to write to me about it. While letters of complaint do not make me as happy as letters of praise, I am just as sincerely interested in them, and I will make every effort for a fair adjustment. At Bolender sales you are guaranteed satisfaction, or money refunded, if coins are returned within a reasonable time, making allowance for vacations, etc. You collectors are my friends, and always will be, when we both do right. I appreciate your bids, and I want you to have nice coins and good value. I hope you do well at this sale. —M. H. Bolender

"Thank you for the way you handled my bids. The three large cents I received are very satisfactory, and I am pleased." W.D.A., Seattle, Wash.

"We were so pleased with the coins from your last sale. Your grading was so fair. Hoping we are lucky enough to get a few more next time, thanks to you." Mrs. R.W.R., Lexington, Ky

"Thank you very much for the prompt delivery of the coins to me. They were very nice. Here's hoping you will have at least another 195 more auctions of coins. I am looking forward to the next one." D.L.D., Cleveland, O.

"Dear Mr. Bolender, I have this to say. I am very much pleased with the coins from your 195th sale. Your grading has always been satisfactory on any coins received from your previous sales too. Thank you." C.A.D., Louisville, Ky.

"I do not get too much at your auctions, for I do not bid very high, but I certainly enjoy bidding the little I can afford, and I appreciate the prompt handling my bids receive. And I am never disappointed with the coins. Thanks very much." Mrs. H.W.R., Marion, Ohio.

"Check enclosed. These are very nice coins. I always like your grading. I say that you are from the Old School. I have been collecting coins for more than 30 years, and have seen some terrible grading." J.C.K., Illinois

"I am well pleased with this lot. I have always received very nice coins from you." R.J.D., Kansas

"I received your coins from your mail auction, and find them to be just as described. I was quite pleasantly surprised to see that you sold some of the coins to me below my bids. Since my bids were low in the first place, this was indeed surprising. Don't forget to send me the next catalogue." W.Y., Baton Rouge, La.

"Again as always, I am very pleased with the savings on my bids, up to 17% on one lot. I'm so pleased with the coins, words cannot describe the pleasure I have had in dealings with you." G.H.B., Wisconsin

"The coins are beauties." H.O.G., Virginia

"The coins, in my opinion, correctly graded." T.T.M., Ohio

"Friend Bolender: Check enclosed for coins from the 195th auction. I have fond memories of the dealing I have had with you in the past. We are getting to be old timers in the hobby. I want to congratulate you for the prices you get at your auctions. Of course, there is a good reason, reliable rating of the coins."

The letter that contained this last testimonial above moved me to tears. because it came from the oldest and longest established numismatic dealer in America, who is still active in the business, of conducting a store selling rare coins. He has been in the business more than 65 years. You see now why it means something to me. He is still bidding at the sales. Since the deaths of Max Mehl and Wayte Raymond a few years ago, I am now the longest established dealer in America who conducts auction sales of rare coins. — M. H. Bolender.
